

Hess Station

Forget about that gas you can find me in the shop
Getting my snack on and d-blocking nonstop
This place has everything no wonder why that are on top
B Squad gets different things so my friends and I can swap
The prices are cheap you know its no heist
Everyone knows PTPI is overpriced
The man behind the counter likes to make up rhymes
He likes the cars we drive the tells us "like 3 or 5 times"
Just cause we listen to rap doesn't mean we commit crimes
But that doesn't mean we can't d-block that Hess sometimes
We keep it on lock no doubt!
We tell ya'll "good looking out"
Hess is something we can't live without
Now you know what B Squad is all about
But when we see you in the street you know we are going to shout
"Peace out master scout!"
